The Mediterranean Sea is a crucial crossroad for the history, economy and culture of Europe, Middle East and North African countries. Many different interests depend on its resources, and the development of a coordinated plan for a shared, coherent and sustainable management is of paramount importance. Moreover, crucial issues like plastic pollution need to be tackled together by all Mediterranean countries, and pooling all relevant knowledge and people both from research and from the socio-political arena.

The BlueMed Initiative, launched in 2014, addresses these challenges, working on all the relevant levels, stimulating **pan-Mediterranean network-building** and coordinating thematic platforms. The co-building of a **shared Strategic Research and Innovation Agenda**, the subsequent **goals prioritisation** and the development of their **Implementation Plans**, as well as the outcomes of the **Pilot Initiative for a Healthy, Plastic-free Mediterranean Sea**, of the **Start Up Actions** and of the **Ambassadors' Programme** are the most mature achievements of the BlueMed work and will be presented during the conference.

The event will focus on the most relevant outcomes of the BlueMed CSA.

After intense collaborative work, the Mediterranean countries will showcase the process and results of the **Pilot Initiative for a Healthy, Plastic-free Mediterranean Sea** to tackle the marine litter issue. The voices of the BlueMed Pilot National Hubs and of key stakeholders will present this unique success story and envisage its future.

The BlueMed solid and widely participated cooperation process among countries led first to a co-owned Strategic Research and Innovation Agenda and then to the endorsement of the Implementation Plan. These tools are conceived to serve future activities: the **Strategic Joint Actions** will be presented during the conference.

The **BlueMed StartUp Actions**, which worked on different topics but all encompassing the BlueMed perspective, will engage in a conversation and present their feasibility studies.

The **BlueMed Young Ambassadors** will share their experiences and reflections and will engage in a dialogue with their colleagues from other Basins, with the aim of building future common paths, in the co-responsibility spirit of the One Planet-One Ocean approach.

The event will be organised in a lively and engaging way, making use of devoted tools to favour the active participation of all the attendees. A **"graphic recording"** by the illustrator and cartoonist Gabriele Peddes will highlight the discussion topics and support synthesis and confrontation.

DAY 2

12:00 From the Research and Innovation Agenda to the Implementation Plan: unveiling the BlueMed Strategic Joint Actions

The BlueMed Pilot presented in the previous session stemmed in a framework of dialogue and cooperation. Indeed, the BlueMed tale dates back in 2014: a solid and widely participated process among countries led first to a co-owned Strategic Research and Innovation Agenda and then to the endorsement of the Implementation Plan. These tools are here to serve future activities and to jointly implement the Strategic Actions.

The way to the Implementation Plan

[Esther Chacón Campollo \(AEI\)](#), [Erasmia Kastanidi \(HCMR\)](#)

The Strategic Actions, some examples: pitch presentations on Observing Systems, Climate Change, MRE and MSP, Biodiversity and resources

[Jean-François Cadiou \(IFREMER\)](#), [Maria Snoussi \(Université Mohammed V, Rabat, Moroccan delegate BlueMed Initiative\)](#), [Elena Ciappi \(CNR\)](#), [Pablo Abaunza \(IEO\)](#)

Trajectories: Horizon Europe PPP, Blue Economy Ministerial, UN-Decade of Ocean Science for Sustainable Development, JPI-Oceans, WestMED

[Elisabetta Balzi \(EC, TBC\)](#), [Alessandra Sensi and Giuseppe Provenzano \(UfMS\)](#), [Rosalía Santoleri \(COI\)](#), [Sandra Ketelhake \(JPI-Oceans\)](#), [Daniele Bosio \(WestMED\)](#)

13:00 Moderated Q&As

13:15 Opening the curtains on the graphic recording

[Gabriele Peddes](#)

13:20 End of Day 2

14:00 Virtual coffee room opens for informal exchange (60')

DAY 3

09:25 Virtual access and netiquette

09:30 **Wake-up keynote speech**

[Grammenos Mastrojeni \(Diplomat, Senior Deputy Secretary general of the Union for the Mediterranean\)](#)

10:00 **Seeds to flourish: a conversation with the Coordinators of the BlueMed Start-up Actions presenting their feasibility studies**

They worked on different topics and all according to the BlueMed vision:

SEALINES - Mediterranean Safety Network

[Ilaria Antoncecchi \(MISE\)](#)

LabMaf - Developing a Labelling Scheme for Mediterranean Small-scale and Artisanal Fish Products

[Jerneja Penca \(EMUNI\)](#)

ECOMEDPORT - Feasibility study of an ecosystem-oriented plant for sediments management in Mediterranean ports and marinas

[Marco Pellegrini \(UniBO\)](#)

BlueBoatsMed - Foresight on cruise and recreational boating, their potential for transition towards a blue economy in the Mediterranean and associated environmental challenges

[Lina Tode \(PlanBleu\)](#)

Moderator: [George Bugeja \(MCST\)](#)

10:30 **Q&As dynamic session**

11:00 Break and Virtual match-making with the Start-up Actions' Coordinators

11:30 **BlueMed and the lockdown: Snapshot - Synoptic Assessment of Human Pressures on key Mediterranean Hot Spots**

[Mario Sprovieri \(CNR\)](#)

11:45 **Wrap-up, concluding remarks and thanks**

[Fabio Trincardi \(CNR\)](#)

12:00 End of the Conference

DIGITAL PARTICIPATION OPTIONS AND INFO

Participation to the conference is free. The registration form is available at the conference page:

<http://www.bluedmed-initiative.eu/bluedmed-final-conference/>.

The official language will be English, but simultaneous interpretation will be provided in French and Arabic.

The event will be broadcasted from a digital hub located at CNR in Rome (Italy).

A livestream will be provided via the **BlueMed YouTube Channel** and will be available on the conference page; the event will be also recorded.

Participants will also be able to connect via the **Gotowebinar platform**, where they will have the chance to interact with the speakers with questions or comments.

In this case, in addition to filling the main registration form, attendees will be asked to fill a second form, only for purpose of joining the webinar platform (the link will be provided at a later stage via mail to registrants)

For a better digital experience we advise any participant to download the Gotowebinar app in advance.

For social sharing, please mention the hashtag **#OneMediterranean**.

For any further information please contact: bluedmed@cnr.it

LORI – the BlueMed saiLORigami

In the perspective of avoiding non-necessary pollutant emission, while retaining the symbol of a common gadget for all the participants to the conference, we decided to realise an **origami fish template**, which everyone can print and fold at home! Each participant can share his/her picture with LORI and the official conference hashtag **#OneMediterranean** on Twitter.

In this way, knowledge travels instead of products!

- [LORigami – template to print](#)
- [LORigami – instructions to fold the origami](#)

LORI, the saiLORigami was drawn by the cartoonist [Gabriele Peddes](#), who will also "graphically record" the whole conference.
