

Rethinking Social Inclusion

Dr. Natalie Slawinski

Thematic World Café, Brussels, Dec. 4, 2019

Social Inclusion Requires...

- creating an environment in which all people are respected equitably and have access to the same opportunities;
- engaging and including diverse groups (e.g. different genders, old and young, immigrants) to support their capacity and resilience in different contexts, including in local development;
- a commitment to principles of respect, justice, and equity.
