FLAG COOPERTATION

**CATALUNYA
FEMP 2014-2020**

Brussels, 14-15 October 2019

EMFF: Interterritorial and transnational cooperation from Catalan FLAGS

In June 2018, the application period for cooperation projects were opens and this one continue open until the end of the period. Once a year, we collect all the requests from our two FLAGS:

EMFF: Interterritorial and transnational cooperation from Catalan FLAGs

The cooperation activities of the FLAGs of Catalonia (approved in June 2017), will be developed during the period 2014-2023 and will stimulate a public contribution of FEMP of 500.000 euros, which is cofinanced by 85% for the European Union and 15% by the Generalitat de Catalunya.

Our budget are distributed:

Year	Budget
2018	100.000,00€
2019	100.000,00€
2020	50.000,00€
2021	50.000,00€
2022	100.000,00€
2023	100.000,00€
TOTAL	500.000,00€

EMFF: Interterritorial and transnational cooperation from Catalan FLAGs

We prioritize projects which ones have this objectives:

- Cooperation between north-western Mediterranean actors
- Cooperation in the field of proximity product promotion
- Cooperation to encourage FLAG participation in the European West-Med Strategy for blue growth.
- Cooperation with impact on the women and youth sectors
- Cooperation to promote culture and tourism associated with the fishing and maritime heritage of the Mediterranean

EMFF: Examples of cooperation from Catalan FLAGs

1. Transfer of knowledge and experiences in the management of the fishery of purse seine between Euskadi and Catalonia.

- The fishermen of purse seine from Catalonia wants to know the management fisheries model from País Vasco, which one is a reference model.
- Budget 20,000€
- The Project started in 2019, involved:
 - 2 catalán FLAG: FLAG Mar de l'Ebre and FLAG Costa Brava
 - Federación Catalana de Cofradías de Pescadores
 - ITSAS FLAG: Itsas Garapen Elkartea

EMFF: Examples of cooperation from Catalan FLAGs

Transfer of knowledge and experiences in the management of the fishery of purse seine between Euskadi and Catalonia.

- The objectives of this cooperation project are:
- Know the reality of the Basque Country in the management of purse-seine fisheries and know how was the way until creating its own OPP.
 - Strengthen the relationships between fishermen with blue fish from the different Catalan ports.
 - Generate participatory, collaborative and debate spaces on the implementation of a OPP in Catalonia
 - To constitute an OPP of the Blue Fish

EMFF: Examples of cooperation from Catalan FLAGs

2. Cooperation project to create an Association of women in the fishing sector

Objectives:

- Increased visibility of women in the fisheries sector
- Promotion of the participation of business projects promoted by women
- Promotion of women's participation in the diversification of fishing activity
- Promotion of women's participation in training activities and access to professional activities

Association Purposes:

- Empowerment and visualization of the role of women in the sea
- Promote the worker incorporation of women
- Promote equal opportunities
- Promotion the recognition and equal treatment of women

EMFF: Examples of cooperation from Catalan FLAGS

2. Cooperation project to create an Association of women in the fishing sector

Results:

3. Recovery of the local fishery product from the north-western Mediterranean.

Project of cooperation between the GALP of the sub-western region of the Mediterranean Sea.

Budget: 56,600 €

Results:

Preparation the Manifiesto for Promotion of fishery products in proximity to the Mediterranean Diet.

The manifesto aims to invite the different operators of the value chain to work on the dissemination and awareness of the values of the proximity product and promote the correct identification of these products to be able to differentiate them, increase the knowledge of local species, their temporality, their traditions and local gastronomy, all to guarantee consumer information and at the same time support the local fishing sector.
