What is cooperation?

- **Cooperation activities may include:**
 - Study-visits
 - Mentoring
 - Placements and traineeships
 - Twinning
 - Thematic workshops or conferences
 - Joint action
- **They may (or may not) be previously included in the strategy**
- **Cooperation objectives should fit in the Local Development Strategy**

What prevent us from cooperating?

- Different **calls, rules and procedures**
- **NO online platform** to identify/contact partners
- Uncertain **procedures for selecting and financing** cooperation (EMFAF)
- Not always foreseen in **national/regional rules**
- **NO direct support**
- **Not enough flexibility**

Thank you very much for your attention!
