LANDSBYGGAREDAGEN

A wide-angle landscape photograph of a Swedish coastline. The foreground shows a dense forest of green trees. In the middle ground, a large, calm bay or fjord is surrounded by rolling hills covered in forest. The water is a light blue-grey color. The sky is a clear, pale blue, with a small crescent moon visible on the right side. The overall scene is peaceful and scenic.

WELCOME

TO THE HIGH COAST OF SWEDEN
